- AB3272.63

Clear Aluminum
Polished Nickel
Bronze Plated

NOTES: The Sculpted Legs Vanity base has either 2 or 4 legs that bolt on to a frame and is designed to support Alchemy's glass countertops. The pieces are heat-strengthened cast aluminum, with a hand-hammered finish. The 4 Leg version is designed to be free-standing, while the 2 Leg version is supplied with hardware to mount the rear of the frame to a wall. Rubber bumpers threaded into the frame support the glass countertop. For more information on assembling this vanity base, see "Sculpted Legs Vanity Assembly Instructions."
